Dear Miss Blanch:

Thank you for your very good letter and the order for the two song books, which I send you under another cover. I am sure you will find them extremely interesting - they are in their sixth thousand already, and are being sung in every state in the Union - by individuals, glee clubs and great community choruses. The Master Leader, Harry Barnhart, used some of them down here for his crowds of five thousand.

Of course I am glad to autograph the song books for you.

I shall be interested to see your brochure "The Story of a Friendship."

With best wishes,

Sincerely Yours,
